

MILTON KEYNES BASED **CLEANING DOCTOR FRANCHISE** **GAINS RECOGNITION WITH TOP AWARD**

At regular intervals throughout the year, the Directors at *Milton Keynes & Bedfordshire Today*, select organisations that have best demonstrated a proven ability to go that extra mile in not only meeting but exceeding the needs of their clients. In this year's *Home Services Category*, the Milton Keynes based **Cleaning Doctor**, run by Graham Keech, stood out from all the rest for its commitment to protect its client's health, family, home, business, hard and soft furnishings along with the indoor environment, by providing a high quality carpet, upholstery, and curtain cleaning service for both domestic and commercial clients throughout the Milton Keynes, Olney, Bedford, Luton and Daventry areas.

Therefore, it gives us great pleasure to announce that **Cleaning Doctor** has been singled out to receive the prestigious **B.A. HOME SERVICES AWARD FOR 2008/09**. As a completely independent Award Programme, recognising business excellence across a wide range of disciplines, the Business Achievement Award is recognised both locally and nationally.

Commenting on receiving this accolade, franchise owner Graham Keech said:

I am delighted to have received this award which recognises the effort we make in ensuring customer satisfaction both in the home and the workplace.

Whether you are welcoming visitors into your home or prospective clients into your office, it's worth remembering that you only one chance to create a good impression. Grubby, well worn carpeting will do little to impress your visitors. Where carpets are in constant use such as in offices or retail stores, it wouldn't be cost-effective or practical for owners to 'close-down' just to have the carpet cleaned or to replace it.

This is where **Cleaning Doctor** can prove invaluable in providing a professional cleaning service tailored to meet the client's specific requirements and budget. As members of the National Carpet Cleaners Association (NCCA), **Cleaning Doctor** operates on a franchise basis, and in line with company policy all personnel are trained to the highest professional standards and kept up to date with the latest techniques.

Continual investment in research and development enables the company to offer the latest revolutionary *Dry Fusion System* which cleans, deodorises and dries carpets all in one process, leaving the carpets ready to walk on in 30 minutes! Little wonder then this innovative cleaning system is now recommended by many leading carpet manufactures including Gaskells, Brintons, Modulus and Bamber.

Products used by the company are environmentally friendly and Wooolsafe approved, including *Stain Protection* - which will prolong the life of your carpets and upholstery; *Bactoshield Ov* - which will destroy and protect against MRSA and E-Coli and can be applied during the Dry Fusion carpet cleaning process.

With Cleaning Doctor the price quoted is the price you will pay, there will be no added extras. The company is so confident in the quality of service it provides that it offers a 100% Iron-Clad Risk-Free Guarantee on every job***"You'll Receive The Most Thorough Clean Ever or its FREE!"***

Don't take our word for it.... visit the company's website: www.cleaningdoctor.co.uk where you can view the many testimonials received from satisfied clients.
