## Plus HERE'S 12 TOP TIPS TO KEEP YOUR PRECIOUS CARPETS & FURNISHINGS IN PRISTINE CONDITION...

*"Mummy says these professional cleaning tips are extremely helpful and worth keeping!"*

**1. Vacuum your carpets and upholstery regularly.** Your carpet acts like a filter – it traps the dirt and grit walked into your home and carried in on clothes, grinds it into the fibres and slowly destroys them.

Regular vacuuming removes the vast majority of these abrasive elements. How frequently (daily or weekly) you need to vacuum depends upon your home circumstances.

# 12 TOP TIPS TO KEEP YOUR PRECIOUS CARPETS AND FURNISHINGS IN PRISTINE CONDITION...

...Continued from page 1.

**2. Change the direction of your vacuuming** to lift the pile and grab damaging dirt hidden at the base of your carpet/upholstery fibres.

**3. Keep adjacent floor coverings clean** to prevent grease from tiled kitchen floors or grit from driveways, patio entrances or wooden tiling being walked into your carpet.

**4. Clean accidental spillages immediately to prevent staining.** Discover the safest way to deal with spillages in our simple '**Emergency Spot-Removal Guide**'; call Free **0800 191 0133** and just listen, or visit our webpage: [www.cleaningdoctor.net/spots.html](http://www.cleaningdoctor.net/spots.html) or call me Free on **0800 695 0577** and I will send you a printed copy.

**5. Be careful of the cleaning products you use.** Never, ever, *EVER*, use household cleaning solutions on your precious carpets or furnishings.

Dish washing liquids, sprays or other general household cleaners leave dirt-attracting residue you cannot extract and can damage the pile or backing of your fabrics. This reduces the life of your carpet or furnishings dramatically.

**6. Remove spots using a Woolsafe<sup>®</sup> professionally recommended cleaning solution** such as a product called Unbelievable. Call me Free on **0800 695 0577** for details.

**7. Protect your carpets with entrance mats at every external door.** Walk-off

mats attract and dirt-trapper mats trap the dirt walked in on shoe-soles and are ideal where you cannot insist on people wiping their feet.

**8. Clean your entrance mats regularly.** If the entrance is used extensively, clean mats daily to avoid excessive build-up which cancels the benefit of the mat.

**9. Remove outdoor shoes when-ever possible.** Doing so minimises grit, dirt, oil (from tarmac drives) and other pollutants being carried in on the soles of your shoes.

**10. Get professional help.** Choose expertly trained carpet & upholstery cleaners (preferably members of NCCA) who use environmentally friendly cleaning materials and professional cleaning equipment.

Doing so vastly improves the appearance and extends the life of your valuable carpet and furnishings.

**11. Renew anti-stain protective treatments.** Protective treatments applied to your carpet or furnishings eventually wear off through normal use; usually within 12 to 24 months. Ask your carpet cleaning professionals to renew your anti-stain protection.

**12. Follow a cleaning and maintenance plan that suits your family and lifestyle.** Doing so **extends** the life of your carpet/upholstery **by up to 5+ years.**

It's certainly easier than having the expense and upheaval of buying and fitting new carpets!

When it comes to choosing who to trust with cleaning your valuable carpets, curtains and upholstery you may find yourself in a bit of a dilemma.

With claims of 'we are the best'; 'we give better value for money'; 'we can do it cheaper' who do you select to do that important job? Make the wrong decision and your expensive furnishings become a serious dirt magnet because the wrong cleaning products were used or, worse, they are completely ruined!

So how do you make that all-important decision? Follow these guidelines to have confidence in your final decision...

1. **Look** for experienced, properly trained and industry accredited cleaners who take a pride in their work.
2. **Check** that the equipment and the cleaning systems used are **approved by leading carpet manufacturers**. Be sure the right tools, the right materials *and* the right method is used for your specific cleaning job.
3. **Ask**, are other customers happy with the results? Examine what others have said. Does the company have **genuine testimonials** from people that you can ring up and talk to if you want to?
4. **Is the company insured against accidental damage?** After all, they are coming into your home and even if they are extremely careful you want to be sure that every eventuality is covered.
5. **Is their work fully guaranteed?** Are you offered a **courteous 100% money-back refund** if you are less than completely satisfied with the results?

At **Cleaning Doctor®** our continuous professional training and our industry accreditation means you can be confident your carpets and furnishings are in safe hands – *always*. But you don't have to take our word for it; here are the comments from one delighted customer...

Overall I was very pleased. I would recommend the company to anybody and found the staff really friendly and helpful. I would definitely use the company again. My carpets look like new again. I was very pleased with how they were cleaned. This has been beneficial to me as I have saved money. I originally was going to buy new carpet and opted to get them cleaned instead, which in the end was cheaper and the carpet looks like new again. I feel the standard delivered to me was 100%. I am a very happy customer.
